  - Jazz Focus

Applied, Elective, and Practical Courses for All Instruments and Voice 12

Sample Schedule ........................................................................... 15
Course Catalog Introduction

Virtual NEMC includes online musical course offerings which mirror and enhance the traditional NEMC experience. Course registration will be available shortly.

During the four weeks of Virtual NEMC, musical classes will follow a Monday to Friday schedule. Students will be directly engaged in online courses for about 12-15 hours per week. These hours include 2 half-hour private lessons, performance-based group classes, technique-building seminars, and literature exploration. These practical and engaging courses, led by our faculty of professional artist-educators, will help all students achieve success in their musical, social, and personal lives.

The final course offerings will depend on student enrollment. I will make every effort to accommodate scheduling requests. We are excited for you to join us at Virtual NEMC!
